EDITION HOTELS BRINGS ITS SIGNATURE STYLE TO THE UAE

Situated in the Abu Dhabi Marina is The Abu Dhabi Edition, the first Edition to open in the Middle East. Brought to life by American hotelier Ian Schrager, the hotel features 198 rooms and 57 serviced residences. As with all Edition properties, this hotel offers five-star luxury with a cool edge. "It's about an attitude, about a feeling rather than a look," Schrager says. A captivating art piece greets guests in the five-story lobby - a large-scale kinetic art installation, In 20 Steps, designed by art collective Studio Drift. When it comes to culinary offerings, you're spoilt for choice: try Oak Room, a traditional English oak-paneled restaurant; the Library Bar, a sophisticated place to unwind and spot celebrities; and Tom Aikens' Mediterranean-style restaurant Alba Terrace serving from breakfast to dinner - the fresh baked goods and coffee are a must. The hotel also has two pools, a fitness center, and spa. The moment you step into Abu Dhabi Edition and experience all its fabulousness, you won't want to leave. From AED 750 per night.
